

Questionnaire for Revisions to Mexican Wolf Rule

Please answer these questions accurately and to the best of your ability. Upon receiving your answers, we may ask you to work with us to prepare a sworn statement that we will submit to the court to demonstrate SCI's interest in the outcome of this case. Please be assured that our use of your statement will not make you a party to the litigation. If you have any questions about this questionnaire, or the case, do not hesitate to contact me at aseidman@safariclub.org.

After filling out this questionnaire, please return it to me by e-mail as quickly as possible. Alternatively, you can fax the completed questionnaire to me at 202-543-1205. If neither of these alternatives are available to you, please return the questionnaire to me in the mail: Anna Seidman, Safari Club International, 501 2nd Street NE, Washington, D.C. 20002.

Important: Although you are an SCI member and are responding to a request from SCI's Litigation Section, filling out of this questionnaire or any other interaction between you and SCI's attorneys does not establish an attorney/client relationship between you and SCI's attorneys. Consequently, the attorney/client confidentiality privilege will not apply to the information you include in your answers or otherwise provide to SCI's attorneys. Although we will try to guard the confidentiality of the information you provide and it is unlikely any of it will be made public, please do not provide any information that you would not want to be made public.

1. Please state your full legal name.
2. What is your current legal address? (Please include city, county and state)
3. What is your occupation?
4. Are you a member of Safari Club International? If so, for how many years?
5. Are you a member of any SCI Chapters? If so, which ones and for how many years?

6. Do you hold or have you held any offices with an SCI chapter? If so, which offices?

7. Are you a member of any other hunting, guiding, outfitting, sporting or conservation organizations? If so, which ones and for how long?

8. How old are you?

9. How many years have you been a hunter and/or an outfitter/guide?

10. How did you get started hunting/outfitting/guiding?

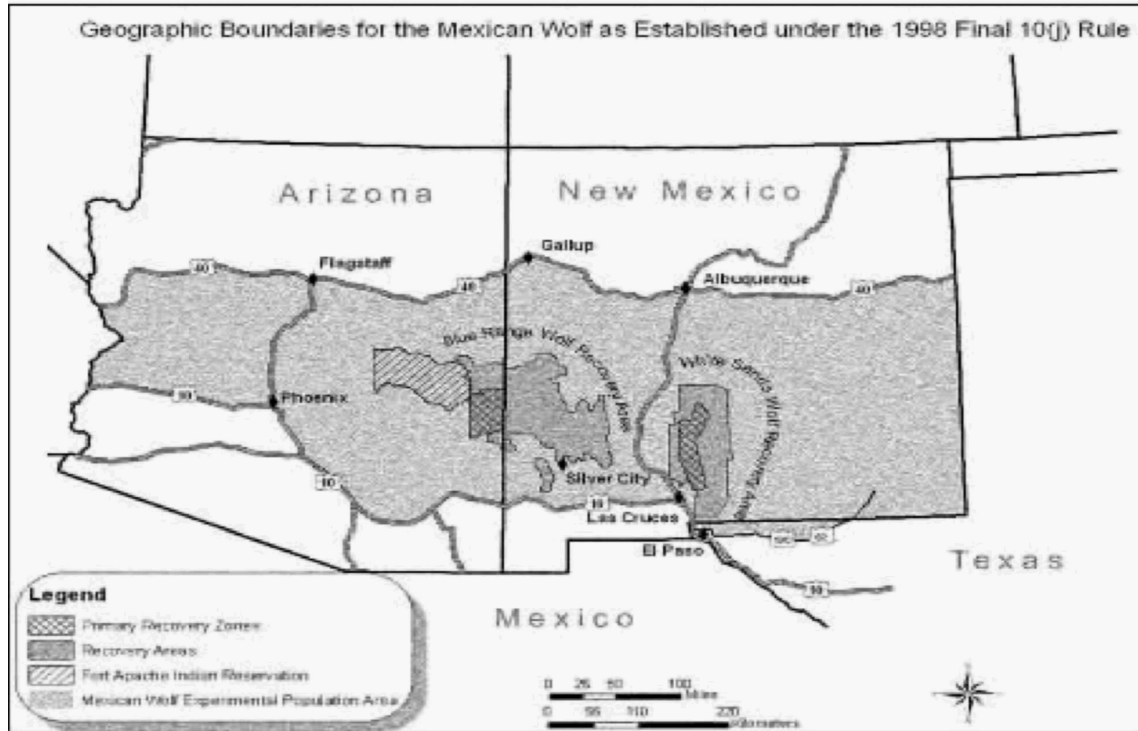

11. In what states have you hunted/guided and for what species?

12. If you are a guide/outfitter, please provide some details about your outfitting operation.

13. Have you seen any wolves in the areas that you hunt/guide? If so, please provide details about how many wolves, what the wolves were doing, when this happened, how you spotted them, etc.

14. Were wolves supposed to be in these areas under the provisions of the federal wolf rule that was in effect until January of 2015? (In other words, were these areas inside the Mexican Wolf Experimental Population Area (MWEPA))?

Figure 1—Geographic Boundaries for the Mexican Wolf under the 1998 Final Section 10(j) Rule.

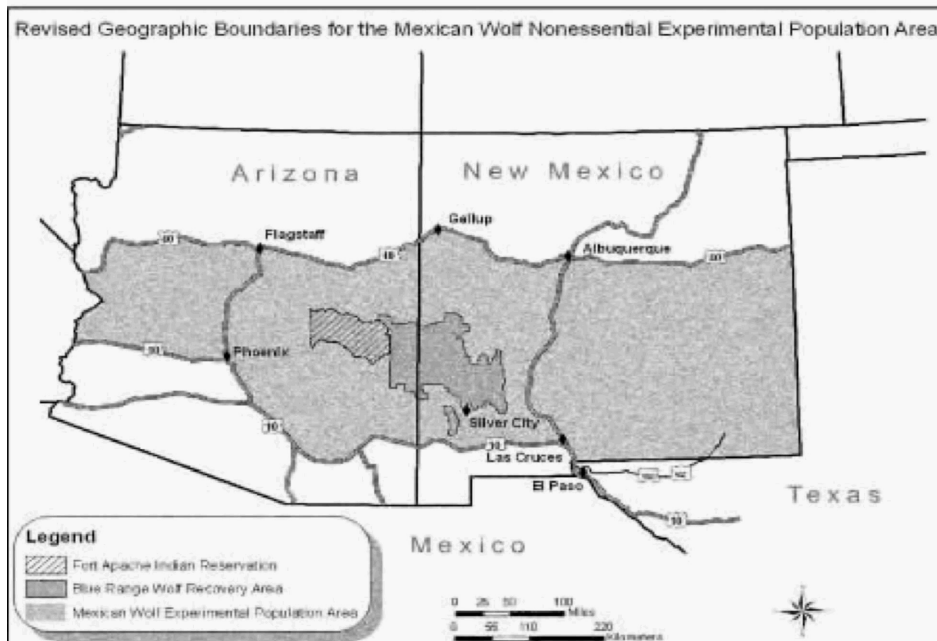

15. Have wolves affected your hunting/guiding? If so, please explain in detail the effect.

16. Have you witnessed any change in the number or behavior of wildlife as a result of the presence of wolves? If so, please be as specific as possible in your description of the changes.

17. Do you hunt/guide in an area that will be affected by the revised federal Mexican wolf rule? (e.g., areas newly open to wolf reintroduction or range expansion?)

Figure 2—Revised Geographic Boundaries for the Mexican Wolf Nonessential Experimental Population Area.

18. Recently, the FWS reported the number of wolves in the Mexican Wolf Experimental Population Area to be 107. Do you have reason to believe that the actual population number is higher? If so, please explain.

19. The revised rules set a population goal of Mexican wolves at 300-325. If the number of wolves triples, how will that affect your hunting/guiding?

20. Do you think that currently there are sufficient wild ungulate numbers (e.g. elk, deer) in the areas that you hunt/guide to provide for the demand by hunters? Please provide as much detail as possible in your explanation.

21. Has your state wildlife management agency reduced or changed any quotas, number of licenses issued, take methods allowed, etc. in response to impacts by Mexican wolves on game species?

22. What will happen to your hunting/guiding operation if the revised federal regulation for Mexican wolves remains in effect?

23. Hunters, guides and outfitters are conservationists. Please explain how the increases and expansions of Mexican wolves harm your interests in wildlife conservation.

24. If you are a guide/outfitter, do you have any hunting clients who we could contact who have witnessed the impact of wolves on the prey populations in the areas that you guide?

25. Please provide any other information that you deem relevant.
